PROFESSIONAL SUMMARY

Data Science & Artificial Intelligence student with hands-on experience in **Data Analysis, Data Science, Machine Learning, and Business Intelligence**. Skilled in **Python, SQL, Power BI, Excel, Data Visualization, EDA, and statistical analysis**, with experience transforming complex data into **actionable insights, predictive models, and interactive dashboards**. Targeting opportunities in **Data Analytics and Data Science** to apply strong analytical, technical, and machine learning expertise.

EDUCATION

Faculty of Computer Science, Alexandria National University

Bachelor of Science, Minor in Data Science and Artificial Intelligence | Expected Graduation - 2027

EXPERIENCE

Sales Moderator | Kayank Company | Jul 2026 – Present

- Communicated with clients to understand decor and finishing requirements and provided product information.
- Tracked daily sales activity and client orders using Excel, maintaining organized records for follow-up.
- Built and maintained Excel reports to monitor sales performance, supporting management with clear, data-driven summaries.

Online Data Analytics Trainee | CIB (Commercial International Bank) | Aug 2026 – Present

- Completing an online training program focused on data analytics and business skills.
- Applying analytical concepts learned during the program through practical exercises.

Data Analysis Trainee | National Telecommunication Institute (NTI) | 2026

- Completed the Data Analysis Skills for the Freelance Professional program.
- Applied data analysis methodologies to real-world business scenarios.
- Developed practical experience in data cleaning, visualization, reporting, and business problem-solving.

IT Intern | ANRPC (Alexandria National Refining and Petrochemicals Company) | 2025

- Gained practical experience in industrial and corporate data workflows.
- Assisted in analyzing operational metrics and generating performance reports.
- Supported data-driven decision-making through analytical reporting and insights.

IT Intern | Pharma Overseas | 2025

- Analyzed pharmaceutical sales and supply chain data.
 - Supported data cleaning, preparation, and reporting activities.
 - Collaborated with teams to identify product demand trends and business opportunities.
-

SKILLS

- **Data Analytics:** Data Analysis, Data Cleaning, Data Visualization, Exploratory Data Analysis (EDA), Statistical Analysis, Data Modeling, KPI Tracking, Business Reporting
 - **Business Intelligence:** Power BI, Tableau, Advanced Excel, Power Query, DAX, Dashboard Development, Data Storytelling
 - **Programming & Databases:** Python, SQL, T-SQL, SQL Server, R, C#
 - **Machine Learning:** Predictive Analytics, Classification Models, Regression Analysis, Model Evaluation
- Tools: Minitab, MATLAB, Weka, Google Colab, AWS Cloud Foundations, .NET Framework
- **Soft Skills:** Analytical Thinking, Problem Solving, Communication, Teamwork, Attention to Detail, Time Management
-

CERTIFICATIONS

- Data Analysis Skills for the Freelance Professional – NTI (2026)
 - AWS Cloud Foundations – AWS (2025)
 - .NET Developer Training (C#, T-SQL, SQL Database Development, HTML5, CSS3, JavaScript)
 - Career Development Program (2024)
-

PROJECTS

Marketing Campaign Performance Analysis | Python, Pandas, Excel

- Analyzed marketing campaign performance and identified optimization opportunities using key business KPIs.

Telecom Customer Churn Analysis | Python, Machine Learning, Power BI

- Built predictive models and dashboards to identify churn drivers and support customer retention strategies.

Adidas Sales Performance Analysis | Power BI, Excel

- Analyzed sales performance across regions and channels to uncover growth opportunities.

Cookies Sales & Financial Report | Power BI, SQL, Excel

- Developed an interactive dashboard to track revenue, profitability, and sales KPIs.

Computer Vision & Face Recognition | Python, OpenCV

- Developed computer vision applications for image processing and face recognition tasks.

Heart Disease Prediction | Python, Machine Learning

- Built machine learning models to predict heart disease risk using healthcare datasets.
-

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Enactus Alexandria University — HR Member - 2025 | **AUSU** — OC Member - 2025

ACT — OC & PR Member - 2024 | **Semicolon Project** — OC Member - 2024

FEPS — OC Member - 2024 | **ORCE, ROBOTOURNEY & Strive** — Volunteer - 2024
